MEMORANDUM FOR: Executive Director-Comptroller

SUBJECT

: Publication Assistance Requested

by Peter M. Flanigan

REFERENCE

: DDS Memo, "Printing for Other Government Agencies," dated

30 October 1972

- 1. On 19 December Peter Flanigan wrote to the Director requesting the Agency's assistance in the publication of the annual report of the Council on International Economic Policy to the Congress. The referenced memorandum makes it clear that we are normally not to accept such requests unless you grant an exception.
- 2. Flanigan's request is made to this Agency because his report is due to the Congress by 5 March, a deadline which the Government Printing Office cannot meet. The report, in fact, was prepared by a working group chaired by of OER. It will run from 200 pages, including 50 graphics, and this initial printing will be on the order of 1,200 copies. The text and the graphics both should be ready for printing by 30 January. It is Flanigan's intention that this initial printing will be adequate to satisfy his reporting requirement to the Congress and internal Government dissemination. A much larger printing will then be made by the Government Printing Office.
- 3. You will recall that we prepared and printed this report for Peter Peterson last year, admittedly with a great deal of strain and unnecessary work because of Peterson's penchant for making last minute and extensive changes. This will not occur this year because Flanigan has delegated control of the whole job to and will not interfere in either its preparation or production.

- 4. When we prepared this report last year, we did it on a nonreimbursable basis. I presume, therefore, that if you approve publication, it will again be on a nonreimbursable basis but await your guidance on this point.
- 5. I believe that in the interest of maintaining our present good relationship with Mr. Flanigan and his Council we should accept his request for publication assistance on a nonreimbursable basis, and request your approval.
